

## Recreation and Park Facility

## Reopening Guidelines

based on the Process to Reopen Pennsylvania

PRPS offers this advice to assist park owners and stewards to comply with guidance from the <u>PA Dept. of Health</u> and Governor Wolf's <u>Process to Reopen Pennsylvania</u>, especially where specific recreation and park directives remain undefined. Certain of these recommendations may differ with

local regulations or future definitive state guidance when issued; and PRPS defers to those authorities.

The PRPS Pandemic Center for recreation and park management offers many COVID-related resources for the industry. For

assistance in planning for agency reopening and recovery, access the <u>NRPA-PRPS Path to</u> <u>Recovery Framework.</u>

These Guidelines are subject to change upon further definitive Guidance.

Revised May 12, 2020
