

## **MEMORIAL PARK MASTER PLAN**

After the success of the public survey circulated in December 2019, the Memorial Park Master Planning Committee received over 500 responses from residents and neighboring park users on recommended improvements for the park property. Thank you to all who participated!

Comments and suggestions were collected and reviewed during the past weeks and three (3) concept plans were developed showing a variety of park options, based on the responses from the public survey and the Committee. The concepts demonstrate the options available for improving circulation, expanded playground equipment area, active and passive recreation areas, areas being preserved, new building uses, and other options that make the best use of the space. Event programming, lighting and site furniture will be provided at a later stage in this process.

### **This is your opportunity to review the concepts and tell the Committee which features you like!**

You can pick and choose features from the different plans, or pick a single plan that has the most favorable layout. Comments received will be used to inform the Committee and Engineer for developing the final, single, Master Plan layout.

Responses are kept confidential and your participation is entirely voluntary.

You can submit your comments by:

- 1) Direct email to the Engineer's Office. Attention to Christine Mildner at [cmildner@barryisett.com](mailto:cmildner@barryisett.com). Please include "JT Memorial Park" in the email subject line
- 2) Written comments delivered to a collection box at Borough Hall.
- 3) Comments mailed to: Borough of Jim Thorpe
