COMMUTER SERVICES OF PENNSYLVANIA

Serving Adams, Berks, Carbon, Cumberland, Dauphin, Franklin,
Lancaster, Lebanon, Monroe, Perry, Pike, Schuylkill & York Counties

Employer Services

WHAT WE DO FOR EMPLOYERS

We offer you ways to:

- Recruit and retain workers; increase your labor pool
- Save on payroll taxes
- Reduce parking costs and/or spaces
- Get workers to work on time
- Improve attendance, enhance productivity
- Improve morale
- Achieve environmental benefits

Employers may not realize how much they influence their employees' commuting habits. We'll provide free assistance in tailoring a program to your specific needs. We come to your work site, meet with you, and help you structure a program that works best to get your workers out of their individual vehicles or out of rush hour traffic. We do all of the work; you just provide the service to your employees through our staff. Information about Commuter Services is available in both English & Spanish.

Some options that we can tailor to make a difference include:

- Carpooling & vanpooling
- Transit promotion
- Emergency Ride Home program
- Preferential parking
- Biking & walking
- Teleworking
- Scheduling, including flextime, staggered shifts and compressed work weeks
- Payroll tax savings
- Promotional & educational activities
- Onsite Parking Analysis
- Transportation Feasibility Surveys
- Carbon Footprint/VMT Reduction Reporting

Tax savings & benefits

You can reduce your payroll taxes. Section 132(f) of the Federal tax code allows employers to offer pre-tax purchases per month per employee for qualified transit and vanpooling or parking benefits. Commuter Services can show you how this works and provide the current rates. Pennsylvania Act 279 of 1982 excludes carpool and vanpool participants from the Workers Compensation Act (except for the driver of a company owned or -leased vehicle), and from overtime and minimum wage laws. It exempts carpools/vanpools from motor carrier laws.

Educational Activities

We work with human resources departments, sustainability committees, community engagement committees, wellness staff and staffing agencies within your organization to offer educational resources and activities to promote a better way to get to work.

Some of the activities we offer include:

- Lunch & Learn presentations
- New Hire Orientation Presentations/Informational packets
- Informational Tabling Sessions
- Tap the App Events
- Meet Your Match Events
- Sur-Prize Patrol/ Try-It Day Events
- Employee Fair Engagement Activities
- Wellness Series Integration – Featuring Carpooling/Biking/Walking Tips for Wellness
- Promotional Campaigns/Toolkits

Commute PA Rideshare and Rewards Program

We offer a comprehensive program that provides travel choices for your employees to get to and from work. The program allows employees to access transportation resources right at their fingertips. Commute PA is also available via a smartphone app on iOS and Android for ease of use.

Key Features:

- Free ridematching to find and connect with carpool partners
- Local transit route information
- Resources for bicycling and walking
- Access to Emergency Ride Home
- Ability to track green commutes
- Rewards program and monthly drawings

Emergency Ride Home

Employees using a green commute to work can enroll in the program to receive a ride home reimbursement in case of urgent need, which breaks down a major barrier to using options such as transit and carpooling. Reimbursement includes taxi-cab fare, Uber, Lyft, rental car costs, and mileage reimbursement up to \$100 per trip; 6 times a year. Please see the website for specific details on qualified emergencies and eligibility requirements.

Please contact Michele Scribbick or Eric Ziegmont, for more information:

**COMMUTER SERVICES
OF PENNSYLVANIA**

*Serving Adams, Berks, Carbon, Cumberland,
Dauphin, Franklin, Lancaster, Lebanon, Monroe,
Perry, Pike, Schuylkill & York Counties*

FREE TRANSPORTATION RESOURCES:

Commuter Services of PA is a non-profit organization that offers free transportation resources! Our mission is to take cars off the road to lessen the impact on the environment and we do this by encouraging "smarter", "more efficient" modes of commuting to work such as biking walking, taking the bus, carpooling, vanpooling and teleworking. We help individuals connect so that they can find potential rideshare partners to save money and save the environment!

You can sign up for our free services by downloading our free app: **Commute PA**, creating a profile and then search for rideshare partners immediately! And for every green commute you record, you can earn points to redeem in our Rewards Program!

Visit www.pacommuterservices.org to learn more.

Those using a "green" mode for their work commute and recording at least 2 "green" trips to work per week in **Commute PA** are also eligible for the FREE Emergency Ride Home (ERH) reimbursement program.

The ERH program provides peace of mind for commuters using "green" commute modes for work as they can be reimbursed if they need to find another ride home in the event of an illness or emergency.

The FREE **Commute PA** app can be downloaded to a mobile device and would be available through the app store or Google play.

When searching for the **Commute PA** app, it will appear as CSPA in a blue box. Once you've downloaded the free app and joined, the next step would be to complete your Profile. To do so, simply select "Me" from the options at the bottom, scroll down to "Account" section and select "Profile." Enter your information, click "Save" at the bottom, and start saving money by recording your "green" trips!!
